

Summary

I’m a Software Engineer based in Bondowoso, East Java, and a true Web Development Enthusiast with a strong passion for Front-End Development. I love transforming ideas into functional, visually engaging web experiences, whether it’s a simple landing page or a dynamic, interactive application.

Skills

- Hard Skills
- : PHP, JavaScript, Laravel, Tailwind CSS, C#, .NET, Docker
- Soft Skills
- : Time Management, Teamwork, Adaptability

Work Experiences
